

REVESORB-FT30

Fire retardant polyether Polyurethane acoustic foam (non-impregnated)

COLOUR: Grey.

**PRODUCT
FORMAT:** Sheet material.
Standard sheet size:
2440 x 1250mm
Thickness – 6 to 100mm

PROPERTIES: Non – Fibrous. Clean and easy to Install.
Density: 29 Kg/m³

Fire Performance:
BS 4735 Pass
FMVSS302 Pass
UL94 – HBF.

Working temperature range:
-20°C to +70°C

USAGE: General purpose acoustic lining
For non-building applications.

**PRODUCT
OPTION:** **REVESORB-FT30-AD** (self-adhesive)
REVESORB-FT30-PU2 (Black PU film faced).
Available profiled (egg box).

REF: C141093F replacing C1309915
